1. Introduction

Welcome to the TANG DAO Metaverse - a revolutionary digital realm that reimagines the global Chinese economy for the 21st century. The TANG DAO Metaverse is more than just a virtual world; it is a groundbreaking platform that seamlessly integrates the physical and digital economies, offering unprecedented opportunities for trade, entertainment, education, tourism, health, and cultural exchange.

In this immersive, persistent, three-dimensional virtual realm, users can:

- Interact as avatars with other members and AI agents in real time.
- Conduct business, shop and socialize in a 24/7 global marketplace.
- Participate in a robust digital economy powered by secure blockchain technology.
- Own and monetize virtual properties.
- Experience a perfect blend of online and offline economic systems.

The TANG DAO Metaverse is not just about creating a digital playground; it is about forging a new economic frontier. By leveraging cutting-edge WEB3.0 technology, artificial intelligence, and decentralized identity systems (DID), we are building a platform that will transform how the global Chinese communities connect, trade and create wealth.

With a target of reaching 200 million Chinese user-members and virtual merchants worldwide, the TANG DAO Metaverse is poised to become the premier digital ecosystem for the Chinese global economy. Whether you're an individual looking to explore new horizons, a business seeking to expand its digital footprint, or an investor eyeing the next big opportunity, the TANG DAO Metaverse offers a world of possibilities.

Join us as we embark on this exciting journey to build the TANG DAO Metaverse into a prosperous digital civilization - a place where co-creation, co-winning, co-sharing, and co-existence are not just ideals, but daily realities.

2. Procedure to Sign Up as a User-Member

For detailed instructions on how to sign up as a User-Member, please refer to Annex A.

2.1 Free User Sign-Up Procedures

- Detailed steps are provided on pages 1 to 4 of Annex A.

2.2 Upgrade to Become a User-Member

- Comprehensive guidelines for upgrading to User-Member status are available on pages 5 to 10 of Annex A.

Important Note:

When any of your referred Free Users upgrade to become User-Members before you do, **you WILL NOT RECEIVE** any referral rewards for their future purchases of Member Badges, Virtual Properties (vPTY) or TANG Tokens (\$TANG).

This process is irreversible, making it crucial for you to upgrade to User-Member status before your referred users do.

To secure the best possible member benefits, be sure to upgrade to a User-Member promptly.

3. Technical Features and Benefits

3.1 Core Technology

The TANG DAO Metaverse is built on a foundation of cutting-edge technology, designed to create a seamless, secure and immersive experience:

- **Experienced Technical Team:** Developing a future-proof economic platform.
- **Decentralized Personalized Identity (DID) System:** For secure user authentication.
- **Rigorous Vetting and Due Diligence:** Ensuring the confidentiality of member identities.
- **Personal Digital Wallets (e-wallets):** Securely bound to store digital assets.
- **WEB3.0 Technology:** Perfectly combining online and offline economic systems.
- **Artificial Intelligence (AI) Integration:** Enhancing user experiences.
- **Omnipotent Virtual Scenarios:** Offering classic character recreations.
- **Unique, Customizable Avatar System:** For personalized virtual presence.

3.2 Digital Assets

TANG DAO Metaverse revolutionizes the concept of digital ownership with the following features:

- **World's Leading Marketplace for Virtual Property (vPTY):** Utilizing NFT (Non-Fungible Token) technology.
- **Virtual Property (vPTY):** Serve as showrooms for displaying and selling products and services, hosting conferences, events and media.
- **Subletting and Leasing Options:** Creating additional income streams.
- **Low-Cost Operation:** Ensuring long-term profitability.

- **Market Dynamics:** Potential for digital asset values to exceed physical asset values due to significant market traffic.

3.3 Digital Currency TANG Token (\$TANG)

At the heart of the TANG DAO Metaverse economy is its native digital currency:

- **Market Driver:** Drives the global Chinese market economy within the platform.
- **Appreciation Potential:** Designed for long-term value growth.
- **Market Liquidity:** Tradable on open markets with floating values.
- **Decentralized Asset:** Ensuring security and transparency.
- **Transaction Facilitation:** Seamlessly handles transactions within the metaverse.

The technical infrastructure of the TANG DAO Metaverse is robust, secure and scalable, supporting millions of users while offering cutting-edge features and experiences. By integrating blockchain technology, AI and immersive 3D environments, we are crafting a digital ecosystem poised for the future of global commerce and social interaction.

3.4 Copper Coin (WEN)

Copper Coin acts as internal merit points that can be exchanged for products and services or for TANG Tokens (\$TANG) on a seasonal basis. Utilizing Copper Coins will enhance the immersive experiences in multi-media, virtual commerce, and entertainment within the metaverse, promising significant value ahead.
